

TECHNICAL SPECIFICATION SHEET

SPECIFICATIONS

Category	e-bike	Range	50/100 km*
Nominal power	250 W	Drive	4WD
Top speed	25 km/h	Charging	swappable batteries or 6 h until full

*All bikes include 1 battery with 50 km range [depending on the payload and terrain]. Optional to add a second battery with an extra 50 km range.

Dimensions:	H: 1700 x W: 924 x L: 3105 mm
Cargo compartment:	Pick-up (D: 1440 x W: 710 x H: 1440 mm)
Payload:	200 kg Recommended maximum
Vehicle mass:	~231 kg
Driver:	1 person up to 100 kg

STANDARD EQUIPMENT

- 1 x Vok bike [as detailed above]
- 1 x 50km range battery
- 1 x charger
- 2 x RFID keys

Produced by Vok in accordance with DIN 79010:2020-02

BATTERY SPECS

Lithium-ion rechargeable battery
 Rating: 43.2 V 62 000 mAh, 2300Wh
 Charge time : ~6h
 Made in EU

CARGO BED

Internal measurements: D: 1440 x W: 710 x H: 320 mm

- Tilting
- Made of steel
- Folding / removable side panels

HIDDEN FEATURES

- RFID and time-based locking
- Pedal by wire (chainless series hybrid drive)
- Regenerative braking
- Automotive grade hydraulic brakes
- e-ABS
- IoT
- GPS tracking
- Independent suspension
- Traction control
- Reverse gear
- OTA updates

FOR LOGISTICS

Shipped on a pallet
 Weight : ~240kg
 Measurements: 345 x 95 x 183 cm
 Shipped from Kassi 17, Tallinn 12618, Estonia
